Note about the Upcoming Healing and Wholeness Services

Dear Church Family,

In response to a growing awareness and increasing desire for the return of the Healing Services, the Clarendon Team have decided to hold a new service – a Healing and Wholeness Service. These services will take place on the third Sunday, every other month and will revolve around the Clarendon Churches so as to make them more easily accessible for all.

Healing is nothing new! Jesus often healed people. It was a major part of His ministry, and it was a ministry of love. You might have noticed that when Jesus healed people, He also brought them back into wholeness. Jesus assured people that their sins were forgiven which restored them to a right relationship with God, and because of the physical healing they received, they were restored to their families and community. Jesus healed on many levels. "Healing" doesn't only mean physical healing. It can be healing of the emotions or relationships, receiving Jesus' peace. It is anything which brings us back into wholeness. God wants us to be our best selves, as well as we can be in all areas of our lives. He wants this because He loves us.

The first Healing and Wholeness Service will be held on 21st July, at 5pm at Alderbury Church. Please come and accept God's offer of healing for yourself, or someone you know. Come and join us in prayer, partake of laying on of hands, and/or anointing, or simply sit quietly and absorb the blessings of the presence of God's Holy Spirit. There will also be a couple of stations, with candles and water for you to offer your own prayers if you would like.

May God bless you in all areas of your lives,

Sharon
